

# 12<sup>th</sup> International Symposium on Innovation and Technology ISIT2021 (Virtual Conference)

December 20-21, 2021

*“Inclusive education with accessible research for the sustainable development of humanity”*

## Technical areas, but not limited:

Artificial intelligence and the Internet of things  
Bioengineering, Biomedical Circuits  
Circuit design and signal processing  
Circuits and computational arithmetic  
Communication and wireless systems  
Computational architecture and operating systems  
Computer vision and computer networks  
Complex systems and multi-agent systems  
Control systems, mechatronics and robotics  
Database and data mining  
Digital signal processing  
E-Learning and Education  
Electric systems  
Electromechanical systems  
Embedded systems  
Innovative technologies  
Multimedia systems and image processing  
Power and energy electronics  
Programmable Logic, VLSI  
RF, microwave and optical systems  
Security systems and distributed systems  
Systems architecture  
Virtual reality

## Important Dates

Abstract submission deadline	Dec. 12, 2021
Last Notification of Acceptance	Dec. 15, 2021
Video submission deadline	Dec. 17, 2021
Registration deadline	Dec. 17, 2021
Technical Program	Dec. 17, 2021
Video Conference	Dates Dec. 20-21, 2021

## Organizing Committee

### General Chair

Mario Chauca Saavedra	IIITEC	Perú
K. Mannivannan	MSAJCE	India

### Technical program

Miguel Gómez Martínez	UGTO	México
Tania Bueno	i3G	Brazil

### Special Sessions

Iván Garibay	UCF	U.S.A.
Fernando Saavedra	NYPA	U.S.A.

### Paper contest

Francesco Cannone	Emtesys	Italy
Roberto Giordano	UFATA	Argentina

### Publishing

Hugo Vega	UNMSM	Perú
-----------	-------	------

### Invited sessions

Luis Sánchez	UPV	España
--------------	-----	--------

The ISIT2021 will be held from December 20 to 21, 2021. The ISIT2021 is organized by the International Institute of Innovation and Technology (IIITEC), with the adherence of the engineering faculty at University of FASTA-Argentina, University CUN-Mexico, University of Guanajuato-Mexico, and Institute i3G-Brasil. The IIITEC is a member of the International Federation of Engineering Education Societies (IFEES).

Authors must send their abstract and full paper (pdf) in English in the free format of [template indexed conferences](#): 5 sheets for a double column or 8 sheets for a single column, which will be evaluated in peer review by an International Technical Committee. Papers that pass the first evaluation will be accepted for **oral presentation free fees**, with formal clothes in real time online or a 10-minute video in digital format uploaded to YouTube with the background of ISIT2021. All approved papers must send the link of their video and data submitted [via Electronic Submission System](#) no later than December 17th. For accepted papers for publishing, at least one [author must register](#) with [the payment](#) and files required. The Symposium will award recognition to the best speaker. Qualified papers that meet all the requirements will be included in the symposium proceedings in a volume with ISBN and ISSN registration, in accordance with ISO 2108 and ISO 3297. Optionally, the papers with the highest level of quality will be recommended for indexing and publishing.

Universities are invited to present a video of academic expressions allusive to the symposium in 10-minute digital format, uploaded to YouTube with the [ISIT2021 background](#) including your logo and country flag, to the email [isit@iitec.org](mailto:isit@iitec.org) **The attendat payment is free**, optionally [with certificate must be registered](#)

On behalf of IIITEC, steering committee and organizing committee, we offer you the warmest welcome to ISIT2021, December 20-21. [www.iitec.org](http://www.iitec.org)
